TEMPERANCE MEN NOT CAST DOWN,
Resolutions were adopted by the Manhattan
Temperance Association at its meeting in Cooper
Union Hall yesterday afternoon approving the expression of the press of the city on temperance
work. Judge Maynard, the Democratic candidate
for Secretary of State, was declared to have been
defeated in the recent elections because of his synpathy with temperance legislation. "But he will
be the next Governor of the State," declared the
President of the Manhattan Temperance Association. "The Devil put his foot in it when he defeated the Judge, I wish he would knock out
some other good man in the same way."

LONG ISLAND, Long Island City.—About two hundred persons met in Duer's Hall, Jackson-ave, yesterday afternoon, Robert Laffan in the chair, and resolved that efforts should be made to prevent Mr. Petry from taking his seat as Mayor, on the grounds of fraud and intimidation.

Robert Hugill, a boarder in the house at No. 18 Sidney-place, Brooklyn, occupied by Isaac Balstead, retired to his room on Friday night. He was not seen on Saturday, and as his room was found locked yesterday, Mrs. Halstead forced open the door. She found the dead body of Hugill lying on the bed with a bullet-hole in his right temple, and a revolver lying under his hand. Hugill was twenty-four years old and a travelling agent for a bumbing firm. He had been in ill-health for a long time. He had taken off all his clothes and him down on the bed before firing the fatal shot. No one heard the sound of the pistol and it is not known when he killed himself. On a dirty, worn and crumpled scrap of paper was written in an almost illegible hand:

Miscrable as I am, God forgives me. I can't stand this THE NOTE LEFT BY A SUICIDE.

There was found \$32.71 in his pockets, and a diamond ring on his finger. He had boarded in Mr. Halstead's house for six months, and was re-garded as a man of quiet habits and good character.

THE NEW STEAMSHIP EDAM.

The new iron steamship Edam, built by the Royal Netherland Line, to take the place of the steamship of the same anne which was sunk a year ago in a collision with the steamship Otranto about 400 miles east of Sandy Hook, arrived here on her first trip yesterday. The new vessel is 325 feet in length, 40 feet beam, 36 feet depth of hold, and of 3,600 tens measurement. She is brig-rigged, built entirely of iron in five water-light compartments, and is supplied with all the modern improvements to insure comfort and safety at sea. She has accommodations for fifty-two cabin and 1,000 steerage passengers. She is a vessel of only an ordinary speed of fourteen knots an hour, and has eight life-boats. She will sail on her return trip for Rotterdam on Saturday. Her principal officers are Captain Taat, Chief Officer Vandergey, Chief Engineer Mocromans, and Surgeon Schreppers. Dr. O. H. Tiflany, in officiating it the morning were: Bishop William L. Harris, the Rev. Dr. David Curry, the Rev. Dr. Chapin, a Presbyterian elergyman, the Rev. Dr. J. M. Buckley, the Rev. F. C. Buckley preached the sermon. OPENING A NEW METHODIST CHURCH.

THE DEAD BURGLAR UNIDENTIFIED. County Physician Hewlett, yesterday made a post mortem examination of the body of the un-known burglar who was shot on Friday night by Homer Choate, at his house in Newark. He found that the bullet had entered the left shoulder

and passed into the neck, cutting the pulmonary artery and causing death by hemorrhage. It was hoped that New-York detectives might be able to identify the deceased man, but Detectives Hickey, Crowley, McGuire and Von Gerichten, after seeing him, said that they did not recognize him. Chief Murphy, of Jersey City, and two of his subordinates also failed to identify him. Scores of persons called at the Morgne to look at the body, but only those who were accompanied by a police officer were allowed the privilege. The opinion is now common that the deceased man had his home in Newark, and was not a professional burglar. Chief Meldrum inclines to this view and hopes that it will yet be learned who he was. The body will not be buried until Judge Depne gives the order. This afternoon the inquest will be held.

It is thought in Jersey City that the burglar is a man who swindled a number of people last week by means of a confidence game. He represented himself as a letter-carrier who had been ill and was in destitute circumstances. was in destitute circumstances.

WORKINGMEN'S DEFEATS AND VICTORIES
The Central Labor Umon met yesterday afternoon in Odd Feilows' Hall at Second-st. and the Bowery, and held a wake over the remains of their candidates. E. Emmerich, of the Cabinet-makers' Union No. 7, presided over the ceremonies. The chairman of the VIIIth Assembly District Campaign Committee reported that the lotks Zeitung had turned against the candidate in that district and had advocated the Socialists' candidate, and that it was no longer worthy of the support and confidence of the workingmen. Vincent W. Woytisek the defeated candidate from the Xth district, said that the lotks Zeitung had said that candidate Miller accused him of selling out. Miller denied that he had made any such statement. He had said that Woytisek had been sold out. Mr. Woytisek was at a loss to understand how his vote had fallen off from nearly 1,500 last year to less than 1,000 this year.

A meeting of the State Committee of the State Workingmen's Assembly was held yesterday at No. 10 Stanton-st., with George Blair in the chair. Reports were read showing a majority of 200,000 in favor of the amendment abolishing contract prison labor and the election of the following Assembly candidates for the Legislature: Messrs, Hooley, of Troy: Joyce, of Utica; Craig, of Hornellsville, and Ackroyd, of Rome, and the defeat of Keyes in the Westchester District, who had been the most bitter opponent of the amendment.

At a meeting of bakers held at No. 193 Bowery yesterday a resolution was passed fixing the rate of wages for second hands at \$15 a week of saxty hours, leaving the compensation of foremen to private contract. WORKINGMEN'S DEFEATS AND VICTORIES

THE VIEWS OF IRA DAVENPORT. State Controller Ira Davenport was seen last vening at the Windsor Hotel by a Tribune re-"What do you think of the recent election?" he

"I think it proves that New-York State will be "I think it proves that New-York State will be Republican next year." he replied. "To reduce the great Democratic majority last year to 15,000 or 16,000 in an off year, and carry both houses of the Legislature by good majorities, is proof conclusive to any mind that New-York may safely be placed in the column of Republican States in the Presidential contest of 1884. The reason for entring Maynard is, of course, well known, but there was no such prejudice against the rest of the ticket. If the Republican voters could have been convinced that the great Democratic majority of last year could be overcome. I am sure that the entire Republican State ticket would have been elected."

"Is the Republican party now united throughout the State?" ne state I"
"Yes; there is no trace of the old bitterness of seling, and the party will go into the contextnext ear with a united front and a feeling that it will

win."

"Is the Governor likely to call an extra session of the Senate in order to make another attempt to have his nominees for Emigration Commissioner and Harber-Masters confirmed f"

"I think not. It is not certain by any means that Grady and the other Tammany Senators would be any more concerned for the Governor's personal comfort than they were at the close of the regular resession."
